

APRON STRINGS - CLIFF RICHARD (D)

It's good to be free, like the water and breeze
To come and to go, whenever I please
Well, honey your love is clipping my wings
I just wanna be tied, tied, tied, tied, tied to your apron strings

Well kiss you goodnight and then what do I do
I hurry on home and dream about you
It's crazy I know, but it's one of those things
I wanna be tied, tied, tied, tied, tied to your apron strings

Well, you hold my hand and it burns like a fire
You kiss my lips and the flame grows higher
Such a lucky devil to find a little lady like you

||CODA||

Well I'm crossing my heart and telling no lies
So hold me real close and close your eyes
I'm stickin' real close, like I need to cling ||CODA||
I wanna be tied, tied, tied, tied, tied to your apron strings
