

When I looked into your big blue eyes - It ain't so hard to realise
The reason why I fell in love with you
When I look at your sweet angel face - No one can ever take your place
Be my love and I'll be true to you

Ah she can set my heart on fire - all her things can turn me high
And I didn't know she was a rock and roll music fan
But she loves boogie boogie and good old blues
Rock and roll songs like blue suede shoes
Makes her rock and roll like no one can

**** REFREIN ****

Ah sweet rockin' Angel
She looks like one and she talks like one and she moves like one around
Sweet rockin' Angel
She's all I want and all I need - the sweetest I have found

And if you don't believe she's all I say - come and see her rock today
Then you'll see what I say is true - she'll take away the breath of you

REFREIN

SOLO - piano - gitaar - break - drums

GESPROKEN - alleen drums

Well if you don't believe she's all I say
Come and see her rock and roll today
She'll take away the breath of you
and then you know what I say is true ** yeah - yeah - yeah - yeah

the sweetest I have found - the sweetest I have found
